In light of the text of the recommendations, the following recommendations, also referenced in the table above, were not fully complied with. The corresponding explanations are detailed below.

- a) Regarding **recommendation II.2.1.** it is hereby clarified that the Audit Committee saw fit to appoint as its Chairman the Director that undertook that role during the previous mandate, despite the fact that this Director no longer met the objective independence criteria defined in Subparagraph b of Paragraph 5 of Article 414 of the Commercial Companies Code, bearing in mind the high degree of independence shown by the Chairman of this Committee in exercising his functions to date. In the benefit of the Company and its Shareholders, the Audit Committee decided to maintain its Chairman.

- b) With respect to subparagraph **b** of **recommendation II.3.3.**, it is important to explain that the matter concerning the remuneration of Directors, including the setting of maximum limits for all the components of the remuneration, depends exclusively on the Remuneration Committee, which is a Committee appointed by the General Shareholder's Meeting and independent of the Board of Directors. Thus, the full compliance with the referred recommendation is within the exclusive competence of the Remuneration Committee. The latter decided not to follow the recommendation, as it recognised that the manner in which the remuneration of Executive Directors is structured is adequate and allows the alignment between the interests of Executive Directors and those of the Company in the long term, being in line with the remuneration practices of similar companies, taking into account the characteristics of the Company.
- c) Regarding **recommendation III.3.:** see explanation in the preceding subparagraph.
- d) In relation to **recommendation III.4.**, it should be noted that the Company's Remuneration Policy does not provide for the deferred payment of all or part

of the variable component of remuneration, and the Remuneration Committee believes that it has found, thusfar, the mechanisms that allow the alignment of the interests of the Executive Directors with the long-term interests of the Company and the Shareholders, enabling the sustained growth of the Company's business and the corresponding value creation for the Shareholders.

- e) As regards **recommendation IV.2.**, it is important to explain that in 2011 the Audit Committee established the rules concerning the provision of consultancy services by the External Auditor. These rules determine: i. the possibility of contracting those services, if the auditor's independence is assured; and ii. the obligation to obtain prior approval of the said Committee, from the moment the global amount of fees related to these type of services in that year surpasses 10% of the global amount of fees concerning audit services. The Audit Committee considers that the provision of non-audit services up to the said amount of 10% does not compromise the auditor's independence. Furthermore, the Committee considers this solution as the most appropriate to the Group's geographical multi-location and to the specific needs of its subsidiaries set up in other jurisdictions.
